Context/ Background Information:

Throughout the 19th century and much of the 20th century women living and working on Australian farms were little acknowledged for their contribution. Often they physically helped their husbands to clear the land and build the house. Women looked after milking the cows, separating the cream and churning the butter. Poultry were raised for eggs with the help of small incubators and both butter and milk were sold at the local store to buy small luxuries.

Talking Machines: reviving Riverina rural technology collections with video testimonies, captures the histories and stories of generations of Australian men and women who farmed the Riverina, through the rusted metal frames and once sharp blades of dormant farm machinery they used.

The project creates a series of thematic trails across the Riverina and key objects have been selected to support the development of these themes which in turn speak to Australia's role in the industrial revolution- this is the focus of an educational resource. Australia's role in the industrial revolution and the impact of the revolution is little documented in Australian education resources- these films provide an access point for teachers on examples of the impact of the revolution upon rural Australian society. It should be noted that the full impact in Australian society occurred after the curriculum notes on the European based experience-

Discussion Pointers:

- Is there a hidden story here around women's contribution to farm labour/productivity? What is not shown?
- How does this film contest the standard image of the pioneer's wife/farmer's wife. Consider the way that primary sources can change/challenge popular beliefs of roles and responsibilities (e.g. women as helpers on the farm, happy jam makers).

Suggested Classroom Activities:

- Role play – how would you manage given this scenario (no electricity, no refrigeration, etc) Find out when these services became available in your community.
- Take a site visit to the Pioneer Women's Hut – look at the collections and archive.
- Talk to a shearers cook about being a woman in the sheds and how demanding the lifestyle is. Draw up a table exploring the differences between the circumstances in the film and being in the sheds today.
